The diagram shows a protein structure with several domains represented by colored rectangles. A label "No domains" is placed below the structure, indicating that the domains are not defined.

The diagram shows a horizontal line with several colored vertical bars (orange, green, purple, blue, yellow, red, pink) and a legend bar with colored segments labeled "No domains".

Diagram illustrating the domain structure of a protein. The protein is represented by a horizontal line with various colored segments indicating domains. The legend bar shows the following color coding for domains: grey, purple, blue, orange, green, and yellow. The text "No domains" is present below the legend bar.
